REGARDING JUNIOR PLAY

The Golf Course at Shining Rock features dramatic slopes, steep hills and several forced carries over environmental areas. To facilitate pace of play, the course observes a mandatory cart policy for all golfers through most of its operating hours. Juniors under the age of 16 must be accompanied by an adult aged 18 or more when playing the course. For the enjoyment of all players, the course is not appropriate for golfers under age 14.

LOCAL RULES FOR ENVIRONMENTAL AREAS

In accordance with The Rules of Golf Section 33-8, the local committee has established local rules for areas on the course marked with blue stakes and "environmentally sensitive" designation. Golfers are directed not to attempt to retrieve a ball within the marked areas. Drop areas are provided adjacent to the hazards on each hole. Should a ball enter the designated areas, you may play one provisional ball from the location of your first shot. Should your provisional ball also be lost, please proceed directly to the drop area to facilitate pace of play. Golfers found entering the environmentally sensitive areas will receive one warning. On the second offense, the golfer will be asked to leave the course without refund.
