FOR IMMEDIATE RELEASE

Shining Rock Golf Club, One of America's
Best New Courses You Can Play,
Prepares for Second Season
-Massachusetts Club Highly Acclaimed-

Northbridge, Massachusetts (March 24, 2011)--Shining Rock Golf Club, the daily fee course that opened for play late April 2010, won several significant honors in its first year of operation. Most recently, GOLF Magazine listed Shining Rock at #4 in its "Best New Courses You Can Play of 2010" prestigious annual rankings. The publication also designated Shining Rock Golf Club as the "Best Value" of the 10 courses selected.

Shining Rock was called "an inspired layout dripping with Yankee charm." Construction superintendent Patrick Sullivan was singled out for his design contributions and the review noted: "Not every course needs a pedigreed architect to make its mark." GOLF Magazine previously had rated Shining Rock at #5 as one of the "10 Best Courses You Can Play" in Massachusetts.

"The GOLF Magazine rankings, as well as the other accolades that Shining Rock received in its first year, validate the commitment we have made to providing an excellent experience for all golfers at reasonable rates," said spokesman Tim Gordon. "Shining Rock is looking forward to its second season and to showcasing the maturing course as one of the best public access facilities in the region. We also will have a new clubhouse in June."

Golfers can guarantee a round on the highly acclaimed New England golf course through the automated tee time system. Tee times can be reserved 7 days a week, 24 hours a day, up to 7 days in advance at the online Shining Rock Golf Club reservation system at www.shiningrock.com. All tee times booked online must be secured with a valid credit card. Tee times also can be made by telephone at (508) 234-0400. Golf memberships and additional information is available at www.shiningrock.com.
